The Sabbath Revelation

A direct revelation and urgent warning from YAHUAH regarding the true Sabbath, featuring 20 deconstructed arguments and the complete scripture arsenal.

Elder ObedYahu & Elder DevorahYahu October 13, 2026 45–90 minute study

> *Many sincere believers today attempt to physically observe a Saturday Sabbath, operating under the assumption that they are keeping an active Torah commandment. However, when the full scriptural canon, apocryphal records, ancient Ibri linguistic roots, and astronomical records are examined, an undeniable truth emerges: human beings in the present age cannot physically manufacture, execute, or hallow a 7th-day Sabbath.*

Attempting to do so in fallen flesh, in unclean lands of dispersion (Galut), without a standing Temple or functioning altar, and while connected to continuous commercial utility networks results in automatic profanation (Chalal). The 7th-day Sabbath is not a weekly human ritual; it is the 1,000-year Millennial Reign (Shabbaton) initiated exclusively by Yahusha Ha'Mashiach upon His return.

PART I: THE COMPREHENSIVE FOUNDATION

YAHUAH's Master Clock & The 1,000-Year Day 6 Timeline

To understand divine time, one must examine YAHUAH's creation blueprint. In Genesis 1:26, scripture establishes that humanity was created on Day 6 of creation, not Day 1. Applying the scriptural principle that one Divine Day equals 1,000 human years (Psalm 90:4, 2 Peter 3:8, Barnabas 15:4-5), humanity's pre-Sabbath period of labor (Avad) spans 1,000 years (Day 6).

The Proof of Adam's Lifespan: In Genesis 2:17, YAHUAH warned Adam that in the day he ate of the forbidden tree, he would surely die. Genesis 5:5 and Jubilees 4:29 record that Adam lived 930 years—lacking 70 years of 1,000 years. Adam died strictly inside a single 1,000-year Divine Day! Furthermore, Hebrews 4:9-11 distinguishes between Menuchah (temporary physical settling in Canaan under Joshua) and Sabbatismos (the future 1,000-year Messianic Sabbath rest). The true 7th Day rest cannot be forced prematurely by human calendar keeping during the 6th Divine Day.

Commandment Mechanics: Zakar vs. Asah vs. Shamar

A critical linguistic error of modern Sabbath keeping stems from misinterpreting the Fourth Commandment in Exodus 20:8:

- **Zakar:** Exodus 20:8 commands *Zakar*—the active internal memory, retention, and invocation of YAHUAH's covenant promise of Messianic rest in your heart. It does NOT command *Asah*, which means to physically construct, manufacture, or execute external labor/rituals.

- **Shamar:** Deuteronomy 5:12 commands *Shamar*—to defensively guard or hedge about. Physical guarding requires a consecrated, sinless environment (Kadosh). In a fallen world, attempting to physically guard holy time while surrounded by continuous commercial enterprise triggers automatic profanation.

- **Barnabas 15:6-8:** The Epistle of Barnabas explicitly declares that no human being in this present world—even if pure in heart—has clean enough hands to hallow a day. YAHUAH explicitly states: *"Your present Shabbats I cannot away with... but the Sabbath which I have made, when I shall give rest to all things, then shall I make a beginning of the eighth day."*

The Land Revelation & Captivity Bondage (Galut)

The Divine Correction Concerning the Land: YAHUAH has revealed that the physical land currently occupied in the Middle East and called 'Israel' IS NOT THE PROMISED LAND. Scripture proves that while YAHUAH's true people are scattered in foreign captivities, the true Promised Land lies completely desolate to enjoy her divine Sabbath rest (Leviticus 26:34-35, 2 Chronicles 36:20-21).

Defiled Bread in Exile: The true Qodeshym are dispersed across foreign Gentile nations (Galut), eating defiled bread in polluted lands (Tamei) where physical land sanctification is structurally impossible (Ezekiel 4:13, Amos 7:17, Hosea 9:3-5, Tobit 1:10, Baruch 2:30). Furthermore, historical precedents like Egyptian bondage (Exodus 5, Ezekiel 20:10-12) prove that slaves under foreign human masters lack the territorial sovereignty and autonomy required to cease servile labor.

Active Divine Suspension: Hosea 2:11, Isaiah 1:13-14, and Lamentations 2:6 establish that YAHUAH Himself actively halted and caused to be forgotten all physical sabbaths, new moons, and feasts during exile until divine restoration.

Operational Defilement, Modern Utilities & Altar Requirements

Under Torah law (Numbers 28:9-10), physical execution of the Sabbath requires a standing Temple, an active altar, and specific burnt offerings (two unblemished lambs, fine flour, oil, drink offerings). James 2:10 decrees that offending in one point makes one guilty of all. Without a standing Temple and altar, physical execution is legally incomplete.

Furthermore, strict operational laws in Jubilees 50:6-13 and the Damascus Document (CD X-XII) forbid drawing water, lighting fires, traveling, or commercial speech. Modern 'home Sabbath keepers' connected to municipal electrical grids, automated water systems, and public gas utilities consume continuous third-party commercial enterprise (Melakhah) operating on their behalf, committing automatic profanation (Chalal).

Celestial Disruption & Calendar Chaos

According to 1 Enoch 80:2-7 and Jubilees 6:32-38, human rebellion caused the sun, moon, and stars to go off schedule, introducing a 10-day annual lunar deficit. Following a corrupted lunar calendar forces appointed feast days (Moedim) to collide directly with weekly sabbaths, forcing forbidden festival preparation labor onto holy time and mixing the clean with the unclean. 2 Esdras 14:10-11 and 2 Baruch 20:1-2 confirm that time has accelerated in the last days; human calendar committees cannot fix YAHUAH's broken clock.

Yahusha's Sole Authority Over the Final Rest

Matthew 12:8 declares that Yahusha Ha'Mashiach is Master of the Sabbath. In John 5:16-17, Yahusha revealed that while fallen man is subject to post-fall labor, the Father and Son work to bring divine redemption. True rest (Sabbatismos in Hebrews 4:9-10) is not a weekly human achievement. It will be inaugurated when Messiah returns to destroy the Lawless One, judge the ungodly, renew creation, gather the dispersed remnant, and establish the 1,000-year Millennial Reign.

PART II: THE 20 COMMON SABBATH ARGUMENTS DECONSTRUCTED

Argument #1

Claim: "Exodus 20:8 commands us to 'Remember the sabbath day, to keep it holy.' This is a moral law for all time."

Scriptural Rebuttal

Exodus 20:8 commands *Zakar*—the active internal memory, retention, and invocation of YAHUAH's covenant promise of Messianic rest in your heart. It does NOT command *Asah* (physical manufacturing/construction). Deuteronomy 5:12 uses *Shamar* (defensive guarding), which requires a holy, sinless environment.

Argument #2

Claim: "YAHUAH rested on the 7th day of creation (Genesis 2:2-3) and blessed it, making it an eternal creation ordinance."

Scriptural Rebuttal Humanity was created on Day 6 (Genesis 1:26), establishing that humanity's pre-Sabbath workweek in creation spans 1,000 years (Day 6) of labor (Avad) under the 1 Divine Day = 1,000 years rule (2 Peter 3:8, Psalm 90:4, Barnabas 15:4). Adam dying at 930 years old (Genesis 5:5, Jubilees 4:29) confirms he died strictly within single Day 6.

> *"For a thousand years in thy sight are but as yesterday when it is past... And all the days that Adam lived were nine hundred and thirty years: and he died." —* ***Psalm 90:4 & Genesis 5:5 (KJV)***

Argument #3

Claim: "Leviticus 23:3 calls the Sabbath a 'holy convocation' (Mikra Kodesh), commanding weekly physical gatherings."

Scriptural Rebuttal *Mikra Kodesh* stems from *qara*, meaning a formal royal summons issued by the King to stand before His sanctuary. Physical execution requires a standing Temple and altar sacrifices (Numbers 28:9-10). Without the King's physical presence or a Temple, an exilic 'rehearsal' is an unauthorized human fabrication.

> *"Bring no more vain oblations; incense is an abomination unto me; the new moons and sabbaths, the calling of assemblies, I cannot away with..." — **Isaiah 1:13 (KJV)***

Argument #4

Claim: "The land resting in Leviticus 26:34-35 proves that physical land Sabbath is required."

Scriptural Rebuttal The physical land currently occupied in the Middle East and called 'Israel' IS NOT THE PROMISED LAND. Scriptural proof shows that while YAHUAH's true people are in captivity, the true Promised Land lies completely desolate to enjoy her sabbaths (Leviticus 26:34-35, 2 Chronicles 36:20-21). YAHUAH's scattered remnant (Galut) are in defiled foreign lands (Tamei) where land sanctification is impossible (Ezekiel 4:13, Amos 7:17, Hosea 9:3-5, Tobit 1:10, Baruch 2:30).

> *"Then shall the land enjoy her sabbaths, as long as it lieth desolate, and ye be in*

> *your enemies' land..." — **Leviticus 26:34 (KJV)***

Argument #5

Claim: "We stay home on Saturday, turn off our phones, and don't spend money. We are keeping the day holy."

Scriptural Rebuttal Jubilees 50:6-13 and the Damascus Document (CD X-XII) forbid drawing water, lighting fires, traveling, or operating utility grids. Modern home observers connected to municipal power grids and automated water lines consume third-party commercial work (Melakhah), causing automatic profanation (Chalal).

> *"The man who does any work on it shall die... draws water not prepared on the sixth day, or carries any load..." — **Book of Jubilees 50:8, 12***

Argument #6

Claim: "We can use the sun and moon to calculate the true 7th day every week."

Scriptural Rebuttal 1 Enoch 80:2-7 and Jubilees 6:32-38 prove that the moon and stars went off schedule due to human sin, introducing a 10-day annual deficit. Following a corrupted lunar calendar forces feast days (Moedim) onto weekly sabbaths, forcing forbidden festival preparation labor onto holy time and mixing the clean with the unclean.

> *"For there will be those who will assuredly make observations of the moon—how it disturbs the seasons and comes in from year to year ten days too soon..." —*

> ***Book of Jubilees 6:36-37***

Argument #7

Claim: "Sabbath keeping was practiced by Israel continuously throughout history."

Scriptural Rebuttal Hosea 2:11, Isaiah 1:13-14, and Lamentations 2:6 explicitly declare that YAHUAH Himself halted, rejected, and caused to be forgotten all physical sabbaths and feasts during exile. Israel could not keep physical Sabbath during Egyptian bondage (Exodus 5, Ezekiel 20:10-12) because captives under foreign rule lack autonomy.

> *"I will also cause all her mirth to cease, her feast days, her new moons, and her sabbaths, and all her solemn feasts." — **Hosea 2:11 (KJV)***

Argument #8

Claim: "Hebrews 4:9 says 'There remaineth therefore a rest to the people of God.' That means weekly Sabbath keeping."

Scriptural Rebuttal Hebrews 4:9 switches from *katapausis* / Menuchah (temporary physical settling in Canaan under Joshua) to *Sabbatismos* / Shabbaton (the future 1,000-year Messianic Sabbath Reign). Hebrews 4 proves that physical settling in a land was never the ultimate rest.

> *"There remaineth therefore a rest [Sabbatismos] to the people of God. For he that is entered into his rest, he also hath ceased from his own works..." — **Hebrews***

> ***4:9-10 (KJV)***

Argument #9

Claim: "Yahusha and His disciples kept the Sabbath in the Gospels."

Scriptural Rebuttal Yahusha lived before the destruction of the Second Temple (70 AD) when the altar was standing and sacrificial laws (Numbers 28:9-10) could be fulfilled. Furthermore, Yahusha declared 'My Father worketh hitherto, and I work' (John 5:17) and proclaimed Himself Lord of the Sabbath (Matthew 12:8). Disciples entered synagogues in Acts to preach the Besorah, not to execute Temple altar rituals.

> *"For the Son of man is Lord even of the sabbath day." — **Matthew 12:8 (KJV)***

Argument #10

Claim: "If we don't physically keep the Sabbath now, we are breaking the Law."

Scriptural Rebuttal The Law is not abolished, but physical execution is legally incomplete without a standing Temple, functioning altar, and consecrated land. Partial compliance triggers guilt of all (James 2:10). We preserve the Torah by *Zakar* (holding the covenant promise internally in faith) awaiting Mashiach.

> *"For whosoever shall keep the whole law, and yet offend in one point, he is guilty of all." — **James 2:10 (KJV)***

Argument #11

Claim: "The Sabbath is an eternal sign between God and His people (Exodus 31:13, 17)."

Scriptural Rebuttal Exodus 31:13 states the Sabbath is a sign for 'your generations throughout their covenant land.' In exile, the sign shifts from external physical execution to internal covenantal memory (Zakar) in the land of captivities (Baruch 2:30).

> *"...for in the land of their captivities they shall remember [Zakar] themselves." —* ***Baruch 2:30 (KJV Apocrypha)***

Argument #12

Claim: "The Early Church fathers kept the 7th-day Sabbath."

Scriptural Rebuttal Epistle of Barnabas 15:6-8 explicitly states that early believers recognized human inability to hallow time in fallen flesh, rejecting humanly made sabbaths in favor of the coming 8th Day (the renewed creation following Mashiach's Millennial Reign).

> *"Ye see what is His meaning; it is not your present Shabbats that are acceptable unto Me, but the Sabbath which I have made..." —* ***Epistle of Barnabas 15:8***

Argument #13

Claim: "Isaiah 66:23 says 'from one sabbath to another, shall all flesh come to worship before me.' This proves weekly Sabbath."

Scriptural Rebuttal Isaiah 66:23 describes the post-return Millennial Reign when Yahusha dwells physically in Jerusalem, creation is renewed, and all flesh stands before Him in His sanctuary. It does not describe scattered captivity in Gentile nations.

> *"And it shall come to pass, that from one new moon to another, and from one sabbath to another, shall all flesh come to worship before me, saith the LORD."* — ***Isaiah 66:23 (KJV)***

Argument #14

Claim: "We can keep the Sabbath spiritually by taking a day off work."

Scriptural Rebuttal Torah law does not recognize 'partial' or 'modified' rest. Jubilees 50 attaches the death penalty to unapproved activities. Taking a casual day off while using electricity, municipal water, and commercial goods is human legalism, not Torah execution.

> *"The man who does any work on it shall die..."* — ***Book of Jubilees 50:8***

Argument #15

Claim: "The Sabbath was given before the Levitical priesthood at creation."

Scriptural Rebuttal Genesis 2:2-3 states YAHUAH rested on the 7th day of creation; it gives no command to Adam to observe a weekly ritual. Humanity's creation on Day 6 (Genesis 1:26) locked mankind into a 1,000-year epoch of Day 6 labor (Avad) leading to Messiah's 7th Day rest.

> *"And on the seventh day God ended his work which he had made; and he rested on the seventh day..." — **Genesis 2:2 (KJV)***

Argument #16

Claim: "Paul kept the Sabbath in Acts 13:14 and Acts 17:2."

Scriptural Rebuttal Paul entered Jewish synagogues on the Sabbath specifically for evangelism—because that is where the people gathered. Preaching the Besorah in a public venue is not executing Temple altar sacrifices under Numbers 28:9-10.

> *"And Paul, as his manner was, went in unto them, and three sabbath days reasoned with them out of the scriptures..." — **Acts 17:2 (KJV)***

Argument #17

Claim: "Maccabees shows martyrs dying to keep the Sabbath (1 Maccabees 2:32-38)."

Scriptural Rebuttal 1 Maccabees 2:32-38 proves that captives under foreign occupation faced immediate slaughter when attempting physical cessation without divine authorization, demonstrating that physical rest requires territorial sovereignty.

> *"So they rose up against them in battle on the sabbath, and they slew them..." — **1 Maccabees 2:38 (KJV Apocrypha)***

Argument #18

Claim: "We can calculate the true calendar using modern astronomical software."

Scriptural Rebuttal 2 Esdras 14:10-11 and 2 Baruch 20:1-2 declare that time has accelerated in the last days. 1 Enoch 80 proves luminaries altered their orbits. Computer algorithms based on corrupted orbits cannot reconstruct YAHUAH's original 364-day solar clock.

> *"For the world hath lost his youth, and the times begin to wax old..." — **2 Esdras 14:10 (KJV Apocrypha)***

Argument #19

Claim: "Believers are the Temple of God (1 Corinthians 3:16), so we can keep the Sabbath anywhere."

Scriptural Rebuttal While believers' bodies are spiritual temples, spiritual indwelling does not grant authority to override Torah altar laws or declare defiled Gentile soil clean (Amos 7:17, Ezekiel 4:13).

> *"...and thou shalt die in a polluted land: and Israel shall surely go into captivity forth of his land." — **Amos 7:17 (KJV)***

Argument #20

Claim: "Waiting for Messiah's return to keep the Sabbath promotes lawlessness."

Scriptural Rebuttal Waiting for Mashiach is the highest form of obedience. Holding the covenant promise internally (Zakar) while refusing to pollute sacred time with premature human rituals honors YAHUAH's Master Clock.

> *"For I knew that they would not hear me... but in the land of their captivities they shall remember [Zakar] themselves."* — ***Baruch 2:30 (KJV Apocrypha)***
